The SUNLIGHT Book of Knitting and Crocheting

Experienced knitters and crocheters will appreciate this newest edition of the Sunlight Book of Knitting and Crocheting—because it presents the very latest novelties as well as new ideas for making many articles of unchanging style.

Beginners will find every step made clear by directions as simple and easily understood as though they were demonstrated by a teacher, because the instructions were all written from actual work on the articles.

The illustrations and directions embrace an almost unlimited variety of useful and appreciated articles.

Tiny bootees, afghans, hoods and sacques for the baby—warm skirt or tasseled cap for the little girl—sweater and sturdy mittens for the boy—a skating cap or sweater after a new and natty model for the man—a comfortable shawl or slippers for the grandmother and innumerable fancies from opera capes to bridge and motor jackets for the friend.

That the hours of work on any article may not go for naught with its first washing, it is imperative to select yarns that have proven trustworthy.

Sunlight Yarns have for many years been recognized as meeting all the requirements of satisfactory work, lasting colors and long wear.

There is a SUNLIGHT Yarn for every kind of Knitting and Crocheting

SUNLIGHT Golf Yarn is a four-ply, lofty yarn of hard wearing quality, made in a line of heather shades and brilliant colorings, especially suitable for golf jackets, stockings, toques, children's sweater coats, caps, etc.

SUNLIGHT German Knitting Worsted is well known for its extreme wearing qualities. The greatest of care is exercised to produce a round, even thread with just the right amount of twist to make it knit up well. It is made in a full line of colors, prints and mixtures, and is used for knitting hose, gloves, sweaters and other articles that must stand wear and great exposure.

SUNLIGHT Four-fold Germantown is ideal for crocheting and knitting sport scarfs, afghans, slippers, toques, aviation caps, shawls, fine sweaters, mufflers, tying comforts, and innumerable other beautiful and serviceable articles.

Only the finest selection of wools of just the right quality is used in this yarn, and it is carefully spun and twisted to produce just the proper degree of soft, even loftiness and elasticity.

It is made in a wide range of shades covering every possible requirement from the most delicate to the heaviest staple shades and all the newest colors in popular favor.

SUNLIGHT Eight-fold Germantown is the same in its general characteristics as the four-fold Germantown, except that the thread is about twice as heavy. It is especially good for making toques, aviation caps, heavy sweaters, afghans, slumber robes, etc.

SUNLIGHT Saxony is a fine, soft, three-ply thread, smoothly and evenly spun, made in a complete line of shadings. Only the finest of wools go into this soft yarn, which is ideal for making children's stockings, soft gloves and mittens, fascinators, infants' crocheted skirts and hoods, bootees, trimming hoods, children's coats, shawls, etc.

SUNLIGHT Spanish Worsted—four-ply—is made of a special selection of fine, hard wearing wools. It is spun into a finer thread than the German Knitting Worsted, is used for much the same purposes, but is particularly adapted for knitting gloves and mittens, men's socks, women's stockings, sweaters, etc. Sunlight Spanish Worsted is made in a complete line of colors and mixtures.

SUNLIGHT Shetland Floss is a very lofty, fluffy yarn, soft, evenly spun. It comes in a beautiful line of shades and makes up well into fine fascinators, sport scarfs, women's sweaters, circular shawls, baby jackets, toques, women's kimonas, and many other articles.

SUNLIGHT Eiderdown Wool is a soft fluffy, round strand, used for crocheting toques, aviation caps, auto caps, and for baby afghans.

SUNLIGHT Pompadour Wool is a soft, fine thread yarn with a strand of silk running through it. It works up very effectively in dainty automobile hoods, scarfs, shawls, fascinators and baby garments.

SUNLIGHT Shetland Wool is a two-ply yarn, finer spun than Saxony and very soft. It comes in a line of delicate colors and is used for infants' sacques and bootees, women's scarfs, shawls, etc.

SUNLIGHT Alliance Worsted is a very fine knitting yarn, made soft, lofty and yielding. Its uses are about the same as the Spanish and the German Knitting Worsted, but the effect is much softer. Made in black and white only.

SUNLIGHT Fairy Floss is a soft yarn of the nature of a Shetland Floss, crimped to give it a wavy effect. It is used for shoulder wraps, shawls, fascinators, kimonas, etc.

SUNLIGHT Coral Yarn is a fine, soft, round yarn with a very noticeable spiral twist. It is used for infants' mitts, bootees and jackets.

SUNLIGHT Lusterine is a very soft yarn with a lustrous strand running spirally about it. It is largely used for making up dainty infants' garments, scarfs, shawls, etc.

SUNLIGHT Ice Wool is a genuine Mohair high luster, wiry, two-ply thread. It is used for circular shawls and all fancy wraps and headgear.

SUNLIGHT Angora works up very beautifully into infants' soft hoods, Tam O'Shanters, infants' muffs and women's mitts, caps and toques. It gives a soft, fluffy surface.

INSTRUCTIONS

(Written for pink and white.)

This little blanket is made up of 3 white panels with pink border all around, and a pattern of climbing wild roses and green leaves is worked with cross stitches from one end of panel to the other.

Start with white yarn and make a chain of 35 stitches.

1st row: Take up 1 loop in each stitch on the chain, 35 loops in all on needle. Put yarn over hook and pull through 1 loop at a time.

2nd row: Take up in the loops from row below and pull through same as on 1st row. Repeat this row for the length of 28½ inches. Make 2 more panels in white like this one.

Begin with pink yarn and start border on the side of one panel.

1st row: Start at the corner with a chain of 3 stitches. Take up 2 loops in the chain, then take up 1 loop in each one of the 3 first stitches. Now 6 loops on needle, put yarn over hook and pull through all at once and make 1 chain.

2nd stitch: Take up 1 loop in space below this 1 chain; pick up 1 loop in the back of last loop in preceding stitch, take up 1 loop in same place as last loop in preceding stitch, then pick up 2 more loops in the next 2 stitches on row below. Put yarn over hook and pull through all at once and make 1 chain. Repeat 2nd stitch to end of row; turn.

2nd row: A chain of 3 stitches, make 2 double crochet in 1st double stitch on star below. Make 2 more double crochet in 1st stitch on 2nd star below. Repeat this on every star to end of row, turn.

3rd row: Same as 1st row, taking up in the back of the stitches on row below. Repeat these 3 rows on other side of panel. This panel is the middle one.

On the 2 outside panels repeat these 3 rows just on the side that is to be joined to the middle panel.

Joining: Place 2 panels together. Start with pink yarn and make a loop on the hook. Put the hook through both panels in the 1st stitch on 1st star, then yarn over hook, pull through and make a chain of 2 stitches.

Next repeat this in 2nd stitch, on 1st star

with the white yarn. Take up the pink chain on the hook and place it in front of the white chain, then put hook through both panels in 1st stitch on 2nd star, pull through and make a chain of 2 stitches. Take up the white chain, place it in front of pink chain, pull through in 2nd stitch on 2nd star and make a chain of 2 stitches. Repeat this to end of panels. Join the 2 other sides the same way.

For border all around, repeat the 3 rows already described.

Make the last row in pink and white, the same as the row for joining, with the exception of making 6 stitches in the chains and taking up once in every star.

Work a cross stitch pattern of little pink roses and green leaves for the whole length of the panels.

INSTRUCTIONS

This handsome robe, in its subdued color, is very restful to the eye and would certainly give great satisfaction to the maker, especially, as the work is not very difficult.

The afghan is worked in 3 shades of "old rose," but brown or green would look well also, in case those colors should be preferred.

It is made up of 9 panels, 5 fancy ones in the light and medium shades and 4 plain ones in the dark shade. A heavy fringe is put on the ends of the robe, so each panel gets its own shade.

Work the dark panel in the cluster stitch.

Start with a chain of 32 stitches.

1st row: Draw the loop on needle half an inch long, * take up 1 loop in 2nd stitch on the chain, yarn over hook, take up another loop in same place and repeat from * to end of row.

Put yarn over hook and pull through 1 cluster at a time; at the end pull through 1st loop and make 1 chain.

2nd row: Same as 1st row, make 1 cluster between 1st loop and 1st cluster on row below, then repeat, making 1 cluster between each cluster on row below. At end of row take up 1 loop on the back of last cluster below; yarn over and pull through the loop, then repeat as before and at end of row pull through loop with the cluster and make 1 chain.

3rd row: Same as 1st row, making 1 cluster between each cluster on preceding row. Repeat 2nd and 3rd rows. Make panel 2¾ yards in length.

The fancy panel is made up of 3 stripes, 2 in the medium and 1 in the light shade.

Begin stripe with a chain of 7 stitches, pick up 6 loops, then you have 7 loops in all on needle. Put yarn over and pull through 1 loop at a time.

Next row same as 1st row, taking up in the loops on row below.

Make 1 more row.

4th row: Pick up 3 loops; then take up 1 loop in the 2nd loop from edge on 2nd row below. Put yarn over hook and pull through 2 loops. Put yarn over hook twice and take up 1 loop in 3rd loop from edge on 3rd row below, yarn over and pull through 2 loops, then yarn over and pull through 2 more loops. Repeat this last stitch 2 times more in the 4th and 5th loop on 3rd row below.

Put yarn over hook once and take up 1 loop in 2nd loop from the other edge on 2nd row below, and pull through 2 loops.

The colorings of SUNLIGHT yarns are soft and lasting.

Now yarn over hook and pull through 5 loops, 1 for each stitch and make 1 chain tight. Pick up the 3 last loops on 4th row, 7 in all, on needle, and pull through 1 at a time, same as before.

This is the design for the whole panel.

Make 2 plain rows, then repeat 4th row, so for every 3rd row you make a new cluster.

Make stripe 2¾ yards long.

Work the 2 other stripes.

Put those 3 stripes together with the chain stitch in the dark shade and place the light panel in middle.

Put this fancy panel together with the plain panel, same way in the light shade.

To connect: Place both panels together with the right side out, make a loop on the hook and * put hook through 1 loop on the edge of each panel. Yarn over and pull through all on needle at once and repeat from * to end of row.

Crochet scallops on the fancy panel on both sides of afghan. Make shells of 7 double crochet with 1 single crochet between.

Make a fringe 5 inches long and let the ends of each panel be fringed in its own shade. Cut the threads for fringe 24 inches in length. Take 1 end and double up 2 times, put the loops through edge with the crochet hook, then draw ends through loops and tighten.

2nd row: Take up the loops same as on 1st row in front on row below. Use the other ball and with the other hook pull through 1 loop at a time.

Make the slip stitch (see first stitches) in the loops of the last row.

Work 1 row in the single crochet on both ends of afghan, making 2 stitches for each rib.

Border: 1st row in white: Make a loop on the hook, then * pick up 2 loops on the edge, 1 in each stitch, put yarn over hook, pull through all on needle (3 loops) and make a chain of 2 stitches. Skip 1 stitch on the edge and repeat from * to end of row, making it full enough in the corners.

2nd row, in blue: * Make a shell of 6 double crochet in a space on preceding row. Make 1 chain, take up 1 loop in 1st and 1 loop in 2nd space from shell; yarn over hook, pull through all on needle and make 1 chain. Repeat from * to end of row, making the shell larger in the corners.

1 Amber Crochet Hook, No. 6

INSTRUCTIONS

This Afghan is made up of panels in the shades of brown; 5 panels are shaded. Fleurs-de-lis are embroidered in cross stitch on the 4 dark panels, and a scallop finishes off the edge.

Use the 6 shades of the 8-fold Germantown and No. 6 hook for the shaded panel.

This panel is made up of squares, worked in the rib stitch and joined to each other with black yarn.

Start the square in center with the 3rd shade from the lightest. Wind the yarn 10 times over your finger, then make 16 single crochet in the ring. Join 1st row by making a slip stitch in the 1st stitch.

2nd row: *Make 3 single crochet in 1 stitch on 1st row (this makes the corner) taking up in double stitch, then make 3 single crochet 1 in each stitch and repeat from * to end of row. Join as before, make 1 chain tight and break off the yarn.

3rd row: Take next shade lighter; start on wrong side of work and make 3 single crochet in the middle stitch of one corner on preceding row, always taking up in the back of the stitches. Make 1 single crochet in each stitch on the side and repeat the same increasing in next corner. Finish the row, join and make 1 chain tight.

4th row: Turn the work on the other side and start the single crochet in 2nd stitch from the chain just made. Repeat the single crochet, increase in the corners as on preceding row, join the row, make 1 chain tight and break off the yarn.

Two rows make 1 rib. Repeat this rib, using 1 shade for each rib. Next rib will be in the light shade, then reverse the shades and continue, so that the last rib in the square will be in the darkest shade. Make 9 squares for 1 panel.

Make a button in center of each square. Take the darkest shade of the four-fold Germantown. Wind the yarn 24 times over your finger. Break off the yarn and fasten the end in the hank. Pull through center of square, fasten on wrong side and cut even on right side.

Join the squares in black.

Place both pieces together with the right sides out. Start in the corner in the middle stitch of each piece and make the single crochet, taking up in double stitch on both edges. Work a little tight.

Make 5 shaded panels.

Use the dark brown of the four-fold Germantown and No. 4 hook for the plain panel. This panel is worked in the Old Afghan stitch. Make a chain of 40 stitches.

1st row: Pick up 1 loop in each stitch on the chain, put yarn over hook and pull through 1 loop (of those picked up) at a time.

2nd row: Same as 1st row, taking up the loops in front from the loops on preceding row.

Repeat 2nd row for the length of 2½ yards. Finish off last row with 1 row in the slip stitch (see 1st stitches), taking up in the loops. Make 4 panels.

Embroider Fleurs-de-lis in cross stitch on the plain panel, using the 2 light shades of the four-fold Germantown. Make 1 Fleur-de-lis opposite each square of the shaded panel.

Join the panels in black, the same way as the squares, having the dark plain panel toward you and skip about every 4th stitch (row) on the edge of the plain panel.

Border: Use black yarn and make 1 row in the single crochet all around the Afghan on wrong side. On the ends of the plain panels skip every 3rd stitch, taking over 1 row.

2nd row: Take the next darkest shade and work on right side of Afghan. Make 1 chain and a single crochet in every other stitch on 1st row, taking up in double stitches.

3rd row: Use the darkest shade and * make a single crochet in a space on preceding row; then make a chain of 3 stitches and 4 double crochet in same space. Repeat from * in every 3rd space on the row.

Last row in a medium shade: Make a chain of 2 stitches and a single crochet in every double crochet on preceding row.

INSTRUCTIONS

This Slumber Robe is made up of panels, worked in various shades of different colors. Five panels are green and blue, shaded, and 4 panels are medium green, with the pattern in brown. A scallop finishes off the edge. Use No. 6 hook for the green and blue panel. This panel is worked lengthwise. Start with the lightest shade in green and make a chain 2½ yards in length.

1st row: Make 1 single crochet in 2nd stitch from hook. * Take up 1 loop in next stitch on the chain and from this loop make a chain of 3 stitches; put yarn over hook and pull through both loops on needle, make 1 single crochet in next stitch on the chain and repeat from * to end of row.

This row is the center row of panel.

2nd row: Start with 2 single crochet on this row (that will alternate the knots) and work same as on 1st row, taking up in the double stitch.

Make 2 rows in the lightest shade, 2 rows in the next shade, 2 rows in the 3rd shade and 2 rows in the darkest shade.

Next row: Make 1 knot in the darkest green and knot in the lightest blue, changing the yarn when pulling through in the single crochet.

This makes 1 brown stitch. Now make 2 single crochet work in the brown yarn, take up the loop for the 3rd stitch and pull through with the brown. This makes 3 green stitches. Repeat, making 3 brown and 9 green single crochet (26). This will finish 1st row; make 1 chain, turn.

Take up in the back of the stitches, work the yarn in as you go along and change the colors according to the following pattern:

SUNLIGHT German Knitting Yarn X, 1½ skeins

1 Steel Crochet Hook, No. 7, Style No. 2

INSTRUCTIONS

This little skirt is made in the single crochet. The ruffle at the bottom holds it firm and makes a pretty finish.

Begin at bottom of skirt and make a chain of 1¾ yards.

Work 14 single crochet, 1 in each stitch on the chain; then make 3 single crochet in 15th stitch on the chain. That increases 2 stitches. This will make 1 scallop; repeat same until you have 13 scallops for width of skirt.

End 1st row with the 3 single crochet in 1 stitch, then join by making 1 single crochet on 1st single crochet on 1st row, taking up in the back of the stitches; work 5 more single crochet.

Make 1 single crochet in 7th, 8th and 9th single crochet on row below. (Take up 1 loop for each single crochet and pull through those 3 loops as 1.) That will decrease 2 stitches, then make 6 single crochet, 1 in each stitch on row below. Make 3 single crochet in next stitch, the middle one of the 3 single crochet made in 1 stitch on 1st row, and that will increase 2 stitches.

Now work 6 single crochet and decrease 2, then 6 single crochet and increase 2 and repeat same for every row until you have 25 rows, then narrow a little toward the waist.

Next row: No increasing, follow the pattern and decrease only, then you get 1 stitch less on each side of scallop.

Work 5 rows same as before.

Make 1 row without increasing, then 4 rows same as before. Work 1 row without increasing and 4 rows again, then 1 row without increasing and 2 rows. Make last row in double crochet for the band.

Crochet ruffle at bottom of skirt.

Work 1 row in the double crochet with 1 chain between each double crochet, taking up in every stitch on row below, with exception of making 2 double crochet at the point of the scallops and skipping 1 stitch between the scallops.

Next row: Make a shell of 6 double crochet between 2 double crochet on row below. Repeat same to end of row, always leaving 2 double crochet on row below between each shell.

Finish off ruffle with a picot edge: * Make 1 single crochet on the shell; then make a chain of 3 stitches and 1 single crochet in 1st stitch on the chain. Repeat from * making 4 picots for each shell.

INSTRUCTIONS

This cap is crocheted with golf yarn in the single crochet and trimmed with cord and tassels.

Begin in center of crown and make a chain of 2 stitches.

1st row: Make 8 single crochet in 1st stitch of the chain. Pull the yarn end tight and fasten.

2nd row: Work around, making 2 single crochet in every stitch on preceding row, always taking up in double stitch.

This row will start the 8 increasing points on top of crown.

To make the increase regular you must always increase in the last one of the 2 stitches at the increasing point.

3rd row: Make 1 single crochet in 1st stitch of the 1st increasing point on preceding row, then make 2 single crochet in last stitch of the 1st point. Repeat to end of row.

On this row you have 1 stitch between each increasing point. Fourth row, you will have 2 stitches between each increasing point; and so for every row there will be 1 more stitch added between the increasing points.

Repeat until you have 20 rows from start.

Make 8 rows plain, that is, make 1 single crochet in every stitch on preceding row.

Start 8 decreasing points on next row. Make 19 single crochet, skip next stitch (the 20th) and repeat to end of row, making the decreases above the increases.

Decrease in same order as you increased, for 12 more rows.

BAND: Repeat the single crochet, making 6 rows around.

7th row: * Make 5 single crochet, then make a double crochet (loose), taking up through double stitch in 5th row below, skip 1 stitch on preceding row and repeat from * to end of row.

Make 1 row in the slip stitch and that will finish the band.

CORD: Cut 6 threads of the yarn, each 2½ yards in length. Put them together and twist them same way as the yarn is twisted. Stretch a little, double the string and twist the opposite way.

TASSEL: Cut a piece of cardboard 5 inches long and wind the yarn around 18 times. Thread a needle with the yarn. Use yarn double. Put needle through finished end of cord and through yarn between yarn and cardboard. Tie hank and cord together, take out the cardboard, hide the knot in the yarn and make it smooth. Wind around a few times with yarn ½ inch below cord and fasten. Cut even at bottom.

Put cord through loops around band. Tie a couple of loops with the cord and fasten them to cap, making the tassel come a little below band. Finish off other end of cord with a tassel.

Button: Crochet a button and sew it on to center of crown. Make a chain of 2 stitches.

1st row: Make 6 single crochet in 1st stitch of the chain (work tighter).

2nd row: Make 2 single crochet in every stitch on 1st row.

Make knitting a pastime—use SUNLIGHT yarns.

3rd row: Make 2 single crochet in every other stitch.

4th row: Make 2 single crochet in every 3rd stitch on preceding row.

4 steel Knitting Needles, No. 13, 4 No. 15, and 2 No. 10

1 6-inch Bone Crochet Hook, No. 3

4 Button molds, 1½ inches in diameter

INSTRUCTIONS

This sweater is knitted lengthwise in the plain stitch with black and green yarn. The buttons are knitted also.

Begin at left side front, use black yarn and No. 13 needles. Cast on 190 stitches. Divide the stitches on 2 needles and start knitting with the 3rd one, or you could use only 2 needles, carrying all the stitches on 1 needle, if you put a little sealing wax on one end of each needle to prevent the stitches from sliding off. (Knit 1st stitch on first row and every time, when stitches are added, slip 1st stitch on every row except when changing the yarn, then knit 1st stitch.)

Knit 2 rows plain (2 rows make 1 rib). Let the stitches run easy on needle. Knit 3rd row plain, add (cast on) 1 stitch and knit 4th row plain. Make another rib and add 1 stitch on same side as before. Three ribs (6 rows) make 1 black stripe.

Start with the green yarn (at bottom of sweater) and make 1 row plain, add 2 stitches (at neck of sweater) and purl the stitches on next row. Two rows make 1 green stripe.

For every turning at the bottom of sweater twist the threads around once to keep the edge firm.

Repeat, making 1 black stripe, adding at neck 1 stitch for each rib and 1 green stripe, adding at neck 2 stitches, until you have 7 black and 7 green stripes. Add 16 stitches to shoulder. (240 stitches is the length of sweater.) Make 7 black and 7 green stripes.

Knit the pocket on the front part. Start with green yarn at bottom of sweater and pick up 45 stitches in the last row of the 5th black stripe from front edge (take up 1 stitch in each stitch of the row). Make 10 green and 9 black stripes for the pocket. Start with the black yarn, as before, and knit pocket in with the front part (take 1 stitch from each needle and knit as 1).

Make 2 black stripes and 1 green (9 black and 8 green stripes the width of shoulder). Bind off 63 stitches for armhole. Make 9 green and 8 black stripes. Add 63 stitches for back. Make 29 black and 28 green stripes for the width of back. Knit the other side to correspond.

Sleeve: Cast on 50 stitches with black yarn. Knit 1 rib and add 5 stitches. Knit 3rd row plain. Start with the green (at top of sleeve) and add 5 stitches at end of row. Repeat making the stripes, adding 5 stitches for every turning toward the bottom of sleeve, until the number of stitches is increased by 95 (19 turnings). Add 20 more stitches (165 stitches is the length of sleeve). Make 25½ black stripes from start. Make the green stripe, then 2 ribs of the next black stripe and start the binding off in same order as you added.

Border: Make border to go around neck down the front edges. Use black yarn, work with 2 threads of the yarn and No. 10 needles. Cast on 12 stitches. Knit plain forward and back, making the strip about 1¾ yards long.

Cuff: Use black yarn (single) and No. 13 needles. Cast on 40 stitches and knit for the length of 7 inches.

Buttons: Use black yarn and No. 15 needles. Cast on 30 stitches. Divide the stitches on 3 needles, join to a circle and knit plain 10 rows.

Start decreasing:

1st row: Knit 4, decrease 1 (knit 2 stitches together as 1).

2nd row: Plain.

3rd row: Knit 3, decrease 1.

4th row: Plain.

5th row: Knit 2, decrease 1.

6th row: Plain.

7th row: Knit 1, decrease 1.

8th row: Decrease 1 for every 2 stitches.

Break off the yarn a few inches from work and with a darning needle run the end of the yarn through the remaining 5 stitches, draw together and fasten. Use the wrong side of work out, put the mould in, run a thread through the edge, draw together and fasten.

Sew garment together.

Put the sleeves in, so that seam of sleeve comes in middle of side a little toward the front.

Sew cuff on and turn up about 3 inches.

Sew border on, holding in the garment a little around neck.

Sew together at bottom of pocket.

Make 1 row of the single crochet (in black) on edge of border and at top of pocket.

Sew buttons on: Place 1st button at neck at the end of 1st black stripe on left side front. Put the other buttons on close to border, or on edge of border about 4 inches apart.

Crochet loops for the buttons on the edge of right side front.

Leave the 20 stitches between the increases for thumb on a spare needle. Add 3 stitches in back of thumb to the 52 stitches around the hand and knit 3 rows. Decrease 1 stitch in back of thumb and knit 14 rows.

These 2 rows make 1 rib.

Use pink for next rib, then repeat with 1 rib in white and 1 rib in pink until you have 7 ribs.

Now add for top of foot, a chain of 25 stitches in pink and make 1 rib. Add 3 more stitches for the toe and work next rib in white. Work 7 ribs in all, making the last rib 3 stitches shorter at toe, same as 1st rib. Make 6 more ribs (24 stitches in length) for the other side and crochet sock together with a chain stitch.

Take the white yarn and start in back for foot. Make 1 single crochet for each row below, and on the added part 1 single crochet for each stitch below.

Work around, taking up in the double stitch. Make 6 rows; then 2 rows in pink and 6 more rows in white. On the last 3 rows decrease 1 stitch for each row at the toe and heel. Put both sides together with the chain stitch.

Make border at top of sock.

1st row, in pink: Work 1 single crochet for each row below.

2nd row, in white: Start with 1 double crochet, make another double crochet across this one, taking up in the 2nd stitch on row below to the right side of 1st double crochet. This will make 1 stitch. Next stitch: Make 1st double crochet in 2nd stitch on row below, and put 2nd double crochet in same place as preceding stitch and repeat. This row is for the cord.

Work last row in pink. Fasten the yarn and make a chain of 6 stitches. Take up 3 loops, 1 in each of the first 3 stitches on the chain, and 2 more loops in the next 2 stitches on row below. Put yarn over hook and pull through all on needle at once. Now make a chain of 5 stitches, take up 1 loop in 4th stitch from needle, 1 loop below the chain, 1 loop in back of last loop on preceding stitch, then 2 more loops in the next 2 stitches on row below. Yarn over and pull through as before and repeat this stitch to end of row.

Make knitting a pastime—use SUNLIGHT yarns.

Make a chain 20 inches long, with the yarn double for the cord. Pull through at top and put pompons on.

Pompons: Cut 2 round pieces 1¼ inches in diameter from thin cardboard and make a hole in center ⅜ of an inch. Use the yarn double and sew over and over until the hole is filled. Cut the threads between the cardboards, take a strong linen thread and wind around between boards a few times and tie. Remove the cardboards, trim ball even and fasten to cord.

For other sizes, work more or less ribs and make the length of ribs on top of foot according to size.

INSTRUCTIONS

(Written for white and brown.)

These bed socks, so out of the ordinary, fit snugly on almost any foot because of their elasticity.

Begin at the top with the brown yarn, use the coarser needles and cast on 60 stitches.

1st row: Knit plain.

2nd row: Purl all the stitches.

3rd row: Knit plain.

4th row: Purl.

5th row: Knit plain.

6th row: Purl.

These rows make 1 rib. The purled stitches will come on right side of sock.

Start with the white yarn and purl 1st row. 2nd row knit plain, 3rd row purl, and 4th row knit plain. These 4 rows are knitted plain on right side of sock. Repeat them between every brown rib. Work 13 brown ribs.

Start the toe in white.

1st row: Purl the stitches.

2nd row: Knit plain, and decrease 1 stitch at each end of row.

Now repeat and knit plain on right side of sock and purl the stitches on the other side. Decrease 1 stitch at each end of every row. Repeat until there are 4 stitches left. Leave the 4 stitches on needle and pick up all the stitches on both edges for front. Use the finer needles and take up 1 stitch for every 2 rows, or 5 stitches for each brown rib and white stripe. Pick up 1 stitch for every row at the toe, 30 stitches in all, on one side, and the same on other edge. Now divide all the stitches on 4 needles. Start with white yarn on right side of sock.

1st row: Knit plain.

2nd row: Purl, and decrease 4 stitches at the toe: 1 stitch on each side of the 4 remaining stitches, and 1 more stitch on each side 10 stitches from 1st increasing.

Repeat this increasing 2 times more on every other row.

Knit plain on right side of sock and purl on the other side. Make 2 more rows in white, then 2 rows in brown, 4 in white and 2 in brown and bind off. Sew front together.

Crochet border at top. 1st row, in white: Make a chain of 3 stitches, take up 2 loops from the chain and 2 loops, 1 in each stitch, on the rib below. Put yarn over hook and pull through all on needle at once and make 1 chain. Next stitch: Take up 1st loop in the space below the 1 chain and 2nd loop in the back of last loop on preceding stitch. Pick up the 2 last loops as before and repeat to end of row.

2nd row in white: Work 1 double crochet and make 1 chain for each star stitch on row below. This row is for the ribbon.

Last row, in brown: Make 1 single crochet and 4 double crochet between every other double crochet on row below.

Pull ribbon through and tie.

INSTRUCTIONS

These comfortable looking bed socks are made in white and lavender. At top a pretty scallop is crocheted and a cord is pulled through to tie.

Start at top with the white yarn and cast on 48 stitches.

Knit 2, purl 2; work forward and back and make 3 rows. Work 2 rows in lavender and 2 more rows in white. Next row in lavender: * Knit the 2 plain stitches together as 1, put yarn over needle and purl the 2 purled stitches together as 1, yarn over needle and repeat from * to end of row.

2nd row: Knit yarn over needle as 1 stitch. These 2 rows will make the holes for the cord.

Now repeat with 2 rows in white and 2 rows in lavender until you have 6 stripes in lavender from start.

Begin with the white yarn and make 1 row same as before.

2nd row: Purl all the stitches.

3rd row: Purl.

4th row: Knit plain.

5th row: Purl.

Leave 15 stitches on each side of work on separate needles and knit plain the 18 stitches in middle; turn, and knit plain forward and back for the length of 22 ribs (2 rows make 1 rib). Make 4 more ribs and decrease 3 stitches on each side. Keep the remaining 12 stitches on needle; pick up with the other 2 needles with stitches on, 26 stitches on each side of last knitted part, 1 stitch for each rib. Now you have 106 stitches in all; divide them on 3 needles and knit plain forward and back 2 ribs or 4 rows. Then make 2 rows in lavender, 6 rows in white, 2 in lavender and 5 in white.

Decrease 3 stitches at toe on the last rows.

Put the stitches on 2 needles, same number on both, then crochet sock together. Work on same side you knitted 1st row at start. Begin at toe, make a loop on the crochet hook and put 1st stitch from each needle on same; yarn over and pull through all on hook. Put 2nd stitch from each needle on hook and repeat. Crochet together in back also.

Crochet border at top of sock. Work 1st row in lavender: Make 2 double crochet, both in same place in a rib; make 1 chain and repeat the same in every rib.

Next row in white: * Work 1 single crochet in the 1 chain on row below, then make a chain of 3 stitches; skip 2 double

SUNLIGHT in your knitting means sunshine in your work.

crochet and make 3 double crochet in the next 1 chain, a chain of 3 stitches and repeat from *. This row finishes off the top.

Take 2 threads of the yarn, 1 in white and 1 in lavender, and make a chain 25 inches long for the cord. Pull through the holes made for it at top of sock.

Put a tassel on each end of cord and tie in front of sock.

Tassel: Wind the yarn over 4 fingers 10 times; tie a linen thread around hank in middle and fasten to end of cord. Pull the loops down and wind the yarn around a few times, ⅓ of an inch from cord. Cut even at bottom.

If different size is wanted make more or less ribs on the narrow part at top of foot.

Directions for Washing Articles Made from Worsted Yarns

Washing: Prepare a suds, not too strong, by shaving Wool Soap into very hot water, not boiling; add a few drops of ammonia and a pinch of borax.

Allow the garment to stand in the suds for a few minutes, then move it gently back and forth through the suds until clean. Do not rub soap on the article and do not rub it with the hands.

Rinsing and Drying: Wring the garment lightly with the hands, and rinse in clear warm water, moving it back and forth as in the suds. Repeat the rinsing in a second clear warm water; then wring the garment lightly with the hands, shake slightly and dry quickly in the open air, being careful not to stretch it.

SUNLIGHT YARNS were used exclusively for all the work described in this book.

Knitters are advised to purchase at one time enough yarn to complete the work, in order to insure absolute uniformity of shade.
